

My Dear Rabbi Balk:

MAZEL TOV on your 10th anniversary as Rabbi and teacher at Golf Manor Synagogue.

First and foremost your congregation is blessed and energized by your service. But they are not the only benefactors. The entire Jewish community of Cincinnati is also enhanced by your having reached out.

And for me personally, I have been enriched to have you as my teacher for the weekly study of Maimonides and Pirkei Avot. Your encouragement for me and my classmates at the Wednesday Lunch and Learn to pause from our regular workday and focus on the guiding principals of our faith has brought both pleasure and significant meaning.

Dear teacher, thank you for what you have done, are doing and will do long into the future.
