Dear President:

We appeal to you, as president of your congregation, for the cause of HID.

The Hebrew Institute for Deaf and Exceptional Children is now in its Bar Mitzvah year, and we are very proud of the miracles we have achieved with Jewish deaf and handicapped children. We have never restricted our enrollment to local children, but have welcomed students from all over the United States, Canada, Europe and Israel.

The time has come for us to expand our facilities. There are tens of children and adults begging for our help - in need of our professional guidance. How can we turn them away?

We therefore turn to our brethren near and far for support at this time. It would help tremendously if your congregants could join in a mutual effort to benefit our voiceless children. Only through the united efforts of Jews worldwide can we widen the crack in the stubborn wall of silence that surrounds them.

I children anxiously await your positive reply. May you and your congregants always be in the position to help those less fortunate than yourselves.

Sincerely,

Rabbi M. Ebstein
Dean
