Dear Sir:

At a meeting of the Covedale Cemetery Association, held on Thursday evening, February 17th, at the Bureau of Jewish Education, a special meeting having been called to take up the matter of assessments, it was voted as follows:

Seven of the Associations and Shuls attending voted that there should be 100% assessments for each Shul; two Shuls were absent, and one Shul present not having voted either way.

Enclosed please find bill for one half the year for maintenance of the cemetery.

Very truly yours,
