

*Study the Bible to be wise, believe it
to be safe, practice it to be holy.*

President's Message

The Sisterhood is ever striving to go forward, meeting the goals of the past and setting new, higher standards for the future.

Through the wonderful cooperation, the harmony and the untiring efforts on the part of each and every participant we are able to carry on our ever increasing program.

We were again proud to contribute a full scholarship to the Jewish Theological Seminary in memory of Rabbi Louis Feinberg.

The adult Education and Sabbath Observance Committees are strengthening the ties between Parents and Synagogue.

Our most important project is our Youth Program. Through our youth, we hope to expand and develop a love for Judaism and thus perpetuate our people in America.

We further hope to work for the Continuance of a better Religious School, contribute to Camp Scholarships for deserving students, and to make our Sisterhood an outstanding organization both in the Synagogue and the community.

These are but a few of our projects, and to carry them out successfully, the Sisterhood needs your full cooperation. Thank you for your support of our 8th Annual Donor.

I want to express my deepest and sincerest appreciation to all the chairmen, co-chairmen and their committees for a task so capably and successfully executed. To all of you, my gratitude and many, many thanks.

(MRS. J. E.) ROSE LEVIN

President Adath Israel Sisterhood
